

Norwegian Biometrics Laboratory Annual Workshop - 2018

Agenda

The agenda for NBLAW 2018 is as follows (subject to further updates).

We cordially invite you to participate in the 8th Norwegian Biometrics Laboratory Workshop 2018 which is an open and free-to-attend event organized by Norwegian Biometrics Laboratory at NTNU - Gjøvik. This event is for all who are interested in technologies, policies, and applications related to protecting the biometric data. The event in 2018 focuses on the topic “*Privacy and Biometrics*”.

Date: 1st March, 2018

Venue: Room K102, Teknologivegen 22, NTNU i Gjøvik, Norway

Participation: Open and free; registration needed (<https://www.eab.org/events/program/156?ts=1511955252623>).

Theme: *Privacy and Biometrics*

Sponsors: Research Council of Norway (RCN), European Association of Biometrics (EAB)

Time	Program	Speaker
09:30 – 09:35	Welcome	Nils Kalstad Svendsen Head of IIK, NTNU-Gjøvik
09:35 – 09:45	Introduction, overview, and vision of the Norwegian Biometrics Laboratory	Christoph Busch, NBL leader (NTNU, Norway)
09:45 – 09:50	The theme of workshop and topics	Guoqiang Li (NTNU, Norway)
09:50 – 10:35	GDPR: an opportunity for biometrics	Laurent Beslay (JRC, European Commission)
10:35 -11:05	The challenge biometrics has on privacy and the new privacy regulation	Atle Årnes (Datatilsynet, Norway)
11:05 -11:25	Coffee break	
11:25 -11:55	The Impacts of the GDPR on biometric systems	Catherine Jasserand (University of Groningen, Netherlands)
11:55 -12:25	Preparation towards GDPR	Svein Dybvik (Sopra Steria, Norway)
12.25 – 13.25	Lunch break	
13:25 -13:55	De-identification for privacy protection in biometrics	Slobodan Ribaric (University of Zagreb, Croatia)
13:55 -14:25	Fast and accurate likelihood ratio based biometric comparison in the encrypted domain	Raymond Veldhuis (University of Twente, Netherlands)
14:25 -14:55	Panel Discussion	
14:55-15:00	Closing of workshop	Guoqiang Li (NTNU, Norway)
